*"We loved it!"*

*"VINIA Wine & Kitchen is fantastic in every way! We reserved the entire restaurant for our rehearsal dinner. Owners Paula and Fabio were so friendly and accommodating to our requests. We had appetizers set up on the bar and then moved into a seated dinner and dessert. The restaurant is intimate and was just right for our party of 33. The Brazilian cheese bread, flatbreads, and oxtail were my favorites!!! I can't wait to go dine there again. Highly recommend! Thank you Fabio and Paula for a wonderful evening."*

*"Best quality food and service around! After having numerous amazing experiences at VINIA, my now husband and I decided to host our wedding reception there. We could not have asked for a better experience. Paula was so easy to communicate with and was very quick to provide menu options. They were able to accommodate our guest with a dairy allergy and our personal preferences. They were extremely flexible and allowed us to use their seating options and bring in additional tables. The night went so smoothly with their excellent service anticipating our needs before we could even ask. And of course, the food and wine were impeccable!!!"*
